

Creativity

Experts in action!

Training & Workshop

Now

- The challenge to strengthen competitiveness is based on the ability of the companies and their contexts system to apply and implement innovative products and manufacturing processes.

- The ideation ability of manufacturing industries is not always successful in **breaking "routine"** paths and creating new products to meet needs not yet "discovered" by customers.

- Since May **NEXT** experts have been working on business challenges. A lot of energy is in the air and the first results are rolling in. We invite you to share our experiences, successes, failures, nearings and learnings.

Learn how to use creative thinking for the success of your business/organization! Develop your capacity for innovation and change!

When:
The 1st of October 2010
Where:
**Park Hotel Villa Marcello Giustinian,
Via Marignana 45/a - Marocco di
Mogliano Veneto (TV)**
